

## Petition to End the Trophy Hunt of Grizzly Bears in BC

- Trophy hunting of grizzly bears has no place in modern wildlife management practices and policies.
- Eco-tourism and bear viewing is a growth industry that encourages sustainable practices and benefits local economies, and can provide more revenues than trophy hunting. These animals should be protected not hunted and their habitat conserved, so that future generations will be able to experience these magnificent creatures.

To the Honourable the Legislative Assembly of the Province of British Columbia; We, the undersigned, respectfully request that the Honourable House end the Trophy Hunt of Grizzly Bears
